PLAYER DEVELOPMENT

Tennis West of Scotland operates a county training programme for junior players eligible to represent West of Scotland in district and county competitions. Currently **94 players** train regularly at indoor centres through the winter. The county programme works closely with the regional training programme organized by Tennis Scotland with both coaching teams involved in the planning of an integrated programme.

A local player development programme links the county programme to key clubs and centres to ensure that young mini players develop the correct techniques from club and centre coaches and have access to regular competition.
